COMPUTER SCIENCE & STATISTICS

Third year student of the engineering cycle at Polytech Lille, majoring in computer science and statistics and previously at Polytech Orléans for my first 2 years of preparatory engineering cycle. Seeking a challenging position within a large organisation for a summer internship. Offering a strong foundation in data analysis, digital marketing (or E-commerce) and the development of computer software and systems with a proven ability to deliver successful outcomes and collaborate within cross-functional teams.

KEY COMPETENCIES

Teamwork	Open-minded and persuasive	Time Management skills
Data-driven strategic planning	Critical thinking skills	Proactive and self-motivated
Cost-benefit analysis	Excellent communication skills	Good organisational skills

PROFESSIONAL EXPERIENCE

Napco National

June 2022 - August 2022

Business Intelligence Internship

Designed and implemented predictive data analysis using Python and Prophet to optimize sales strategies. Created and aggregated complex datasets with Qlik Sense, improving visualizations and key performance indicators (KPIs) for the sales team.

June 2021 - August 2021

Aramco

Academic internship

Prepared my future projects with precision and creativity, all while meeting the graduation requirements of my university.
